Cause

The agreement remains at draft and is not sent when the salesperson does not have permission to AdobeSign.

Resolution

Log an Employee Provisioning (EP) ticket in ServiceDesk to request access to AdobeSign. Alert your manager that he/she will have to approve the request.

Workaround

The salesperson's manager should be able to send the agreement in the interim if he/she has AdobeSign permissions.

Additional Information

Note, the PIQ team has unique access to AdobeSign. If logging an EP for a PIQ salesperson, be sure to select the AdobeSign (PIQ) option.
